## WORK EXPERIENCE

### Junior Software Engineer

*MaibornWolff GmbH · (Nov 2022 – present)*

- Full-stack engineer for an electronic components configurator app using Angular, TypeScript, C#, and .NET. Wrote clean code, followed best practices, improved the user interface, and assisted with testing and debugging.
- Developed high-quality React.js and TypeScript components to expand the code base of a leading German car manufacturer's e-mobility project.
- Rebuilt an internal web application from scratch using Vue.js, Vuetify, TypeScript, and GraphQL. Implemented efficient data retrieval and visualization techniques, resulting in a more intuitive and user-friendly experience for the application's users.
- Collaborated in an Agile environment, communicating regularly with cross-functional teams and clients.

### Upskilling

*(Nov 2021 – Nov 2022)*

- Advanced my coding skills by graduating from the 12-week intense bootcamp in Full Stack Web Development at SPICED Academy.
- Completed App Brewery's Online Web Development Bootcamp by Dr Angela Yu's
- Broadened my understanding of the tech field by completing the Startsteps' Introduction to Tech Compass course.

### Business Owner

*Dalloway Berlin · Self-employed (Dec 2016 – Oct 2021)*

- Customer service, trend analysis, digital marketing, product photography and description, operational logistics and business strategy.
- The shop maintained a 100% positive feedback rating throughout its running time.
